New Announcement:

Effective immediately, PATMAN Productions is carrying new full stage barricade systems for rent at your event. This new high-tech heavy-duty aluminum crowd control barrier will be available in various lengths forming up to 192 feet, with 8 articulated corners, for stage thrusts, or other barrier configurations.

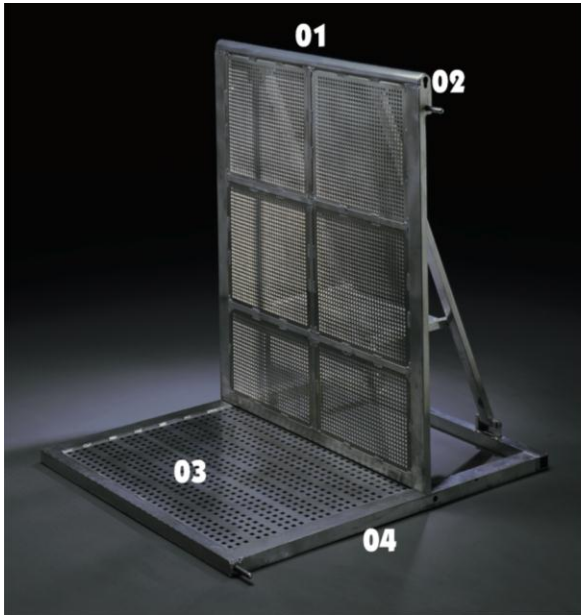

All barrier systems will be shipped to events on wheeled carts, which allow for easier and quicker set-up and tear down, in addition to easier shipping and storage.

All barrier systems are black powder coated heavy gauge aluminum with rounded top and tapered base plate ends for added safety to all patrons and staff. Our barricade is interlocking and sets up, or is taken down in just minutes.

.../2

01 Rounded Top Rail - eliminates hard edge

02 Top Rail connects seamlessly, avoiding pinch points

03 Specially designed tread plate prevents liquids from pooling

04 Tread plates connect to form level surface, reducing trip hazard

05 Police step, facilitates removal of those in distress

06 Solid A-Frame welded aluminium construction

07 'Blow through' face, secures to base with bolt

08 Pins strengthen connections and enable barriers to negotiate uneven terrain
